

**Safe-T-Punch™**

Open Letter of Gratitude to Rail Coach Factory, Kapurthala – Safe-T-Punch™  
Demonstration

1 December 2025

Recognition of RCF Demonstration and Commitment to Passenger Safety

To the leadership and engineering teams at RCF,

On behalf of PLR Distribution and the Safe-T-Punch™ campaign, we extend our sincere appreciation for the opportunity to demonstrate Safe-T-Punch™ at RCF Kapurthala earlier this year.

The live demonstration was a defining moment in our shared mission to elevate passenger safety. We are especially grateful to Mr Ravi Kumar, Principal Chief Mechanical Engineer (PCME), for personally conducting the demonstration and breaking the emergency glass. His leadership and technical insight provided clear proof of Safe-T-Punch™'s reliability and relevance for modern rail systems.

This successful demonstration has already inspired confidence across the industry. It showed that Safe-T-Punch™ is not only effective but also practical for integration into LHB coaches, where survivability and rapid evacuation are paramount.

We thank RCF for its proactive stance and for the opportunity to collaborate on this important initiative. We remain ready to support the next steps and to ensure that Safe-T-Punch™ continues to serve as a trusted safeguard for passengers.

With respect and appreciation,
